11/09/2009	Tennessee Valley Authority	We performed three agreed-upon procedures which were requested solely to assist TVA management in determining the validity of TVA's Winning Performance (WP) payout awards for the year ended September 30, 2009. In summary, we found: (1) the fiscal year (FY) 2009 WP goals were properly approved; (2) actual year-to-date inputs for all the metrics agreed with the respective supporting documentation with one exception related to the Power System Operations Non-Fuel Operations and Maintenance metric which did not impact the WP payout; and (3) the payout percentages were mathematically accurate.
