CLOSEOUT MEMORANDUM

Case Number: I-16-0096-O

Page 1 of 1

We received information from a University that reported it had erroneously charged general administrative costs on numerous NSF awards for the past 10 years. The University has taken action to correct this matter and ensure there are no future mischarges. They returned over \$2 million back to NSF for any improper charges that were identified.

This case is *closed* with no further action taken.
