

U.S. Consumer Product Safety Commission OFFICE OF INSPECTOR GENERAL

Audit of the Consumer Product Safety Commission's Fiscal Year 2021 Financial Statements

November 15, 2021

22-A-03

VISION STATEMENT

We are agents of positive change striving for continuous improvements in our agency's management and program operations, as well as within the Office of Inspector General.

STATEMENT OF PRINCIPLES

We will work with the Commission and the Congress to improve program management.

Maximize the positive impact and ensure the independence and objectivity of our audits, investigations, and other reviews.

Use our investigations and other reviews to increase government integrity and recommend improved systems to prevent fraud, waste, and abuse.

Be innovative, question existing procedures, and suggest improvements.

Build relationships with program managers based on a shared commitment to improving program operations and effectiveness.

Strive to continually improve the quality and usefulness of our products.

Work together to address government-wide issues.

November 15, 2021

 TO: Alex Hoehn-Saric, Chair Robert S. Adler, Commissioner Dana Baiocco, Commissioner Peter A. Feldman, Commissioner
 FROM: Christopher W. Dentel, Inspector General CHRISTOPHER DENTEL Ogtady agued by CHRESTOPHER DENTEL Ogtady agued by CHRESTOPHER DENTEL
 SUBJECT: Audit of the Consumer Product Safety Commission's Fiscal Year 2021 Financial Statements

Pursuant to the Accountability of Tax Dollars Act of 2002, this letter transmits the Independent Auditors' Report issued by CliftonLarsonAllen, LLP (CLA), for the fiscal year (FY) ending September 30, 2021. The audit was performed under a contract with, and monitored by, the Office of Inspector General (OIG), in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and applicable provisions of Office of Management and Budget (OMB) Bulletin No. 21-04, *Audit Requirements for Federal Financial Statements*.

Opinion on the Financial Statements

CLA audited the financial statements of the U.S. Consumer Product Safety Commission (CPSC), which comprise the balance sheet as of September 30, 2021, and 2020, and the related statements of net cost, changes in net position, budgetary resources, and custodial activity for the year then ended, and the related notes to the financial statements; collectively known as the financial statements. The objective of the audit was to express an opinion on the fair presentation of those financial statements. In connection with the audit, CLA also considered the CPSC's internal control over financial reporting and tested the CPSC's compliance with certain provisions of applicable laws and regulations that could have a material effect on its financial statements.

In CLA's opinion, the financial statements present fairly, in all material respects, the financial position, net cost, changes in net position, budgetary resources, and custodial activity of the CPSC as of, and for the years ending September 30, 2021, and 2020, in conformity with accounting principles generally accepted in the United States of America.

Report on Internal Control

In planning and performing the audit of the financial statements of the CPSC, CLA considered the CPSC's internal control over financial reporting (internal control) as a basis for designing auditing procedures for the purpose of expressing their opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the CPSC's internal control. Accordingly, CLA did not express an opinion on the effectiveness of the CPSC's internal control.

Because of inherent limitations in internal controls, including the possibility of management override of controls; misstatements, losses, or noncompliance may nevertheless occur and not be detected. According to the American Institute of Certified Public Accountants:

- A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
- A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.
- A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

CLA's consideration of internal control was for the limited purpose described above and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. CLA did not identify deficiencies in internal control that CLA would consider to be significant deficiencies or material weaknesses, as defined above. However, material weaknesses may exist that have not been identified. CLA did find deficiencies in the CPSC's internal control over financial reporting that CLA did not consider to be material weaknesses or significant deficiencies. These deficiencies still warrant CPSC management's attention. CLA has communicated these matters to CPSC management.

Report on Compliance with Laws and Regulations

CPSC management is responsible for complying with laws and regulations applicable to the agency. To obtain reasonable assurance about whether the CPSC's financial statements are free of material misstatements, CLA performed tests of compliance with certain provisions of laws and regulations, noncompliance which could have a material effect on the determination of financial statement amounts, and certain other laws and regulations specified in OMB Bulletin No. 21-04. CLA did not test compliance with all laws and regulations applicable to the CPSC.

CLA's tests of compliance with laws and regulations described in the audit report did not disclose any instances of non-compliance that are required to be reported by Government Auditing Standards.

OIG Evaluation of CliftonLarsonAllen's Audit Performance

We reviewed CLA's report and related documentation and made necessary inquiries of its representatives. Our review, as differentiated from an audit in accordance with Government Auditing Standards, was not intended to enable the OIG to express, and we do not express an opinion on the CPSC's financial statements; nor do we provide conclusions about the effectiveness of internal control or conclusions on CPSC's compliance with laws and regulations. CLA is responsible for the attached auditors' report. However, the OIG review disclosed no instances where CLA did not comply, in all material respects, with Government Auditing Standards.

We appreciate the courtesies and cooperation extended to CLA and OIG staff during the audit. If you should have any questions concerning this report, please contact my office at (301) 504-7501.

Attached:

Audit Report Financial Statements as shown in the agency's Annual Financial Report

Independent Auditors' Report

Inspector General United States Consumer Product Safety Commission

Chair United States Consumer Product Safety Commission

In our audits of the fiscal years 2021 and 2020 financial statements of the United States Consumer Product Safety Commission (CPSC), we found:

- CPSC's financial statements as of and for the fiscal years ended September 30, 2021, and 2020, are presented fairly, in all material respects, in accordance with United States of America (U.S.) generally accepted accounting principles;
- No material weaknesses for fiscal year 2021 in internal control over financial reporting based on the limited procedures we performed; and
- No reportable noncompliance for fiscal year 2021 with provisions of applicable laws, regulations, contracts, and grant agreements we tested and no other matters.

The following sections discuss in more detail (1) our report on the financial statements, which includes required supplementary information (RSI)¹ and other information² included with the financial statements; (2) our report on internal control over financial reporting; and (3) our report on compliance with laws, regulations, contracts, and grant agreements and other matters.

Report on the Financial Statements

We have audited the accompanying financial statements of CPSC, which comprise the balance sheets as of September 30, 2021, and 2020; the related statements of net cost, changes in net position, budgetary resources, and custodial activity for the fiscal years then ended; and the related notes to the financial statements.

We conducted our audits in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Bulletin No. 21-04, *Audit Requirements for Federal Financial Statements* (OMB Bulletin 21-04). We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

²Other information consists of Inspector General's Management Challenges Report, Summary of Financial Statement Audit and Management Assurances, and Payment Integrity Information Act Reporting.

¹The RSI consists of the Management's Discussion and Analysis and the Combining Statement of Budgetary Resources by Fund, which are included with the financial statements.

Management's Responsibility

CPSC management is responsible for (1) the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; (2) preparing, measuring, and presenting the RSI in accordance with U.S. generally accepted accounting principles; (3) preparing and presenting other information included in documents containing the audited financial statements and auditors' report, and ensuring the consistency of that information with the audited financial statements and the RSI; and (4) maintaining effective internal control over financial reporting, including the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. *Government Auditing Standards* require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement. We are also responsible for applying certain limited procedures to RSI and other information included with the financial statements.

An audit of financial statements involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the auditors' assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit of financial statements also involves evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audits also included performing such other procedures as we considered necessary in the circumstances.

Opinion on Financial Statements

In our opinion, the United States Consumer Product Safety Commission's financial statements present fairly, in all material respects, CPSC's financial position as of September 30, 2021, and 2020, and its net cost of operations, changes in net position, budgetary resources, and the custodial activity for the fiscal years then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles issued by the Federal Accounting Standards Advisory Board (FASAB) require that the RSI be presented to supplement the financial statements. Although the RSI is not a part of the financial statements, FASAB considers this information to be an essential part of financial reporting for placing the financial statements in appropriate operational, economic, or historical context. We have applied certain limited procedures to the RSI in accordance with *Government Auditing Standards*, which consisted of inquiries of management about the methods of preparing the RSI and comparing the information for consistency with management's responses to the auditors' inquiries, the financial statements, and other knowledge we obtained during the audits of the financial statements, in order to report omissions or material departures from FASAB guidelines, if any, identified by these limited procedures. We did not audit

and we do not express an opinion or provide any assurance on the RSI because the limited procedures we applied do not provide sufficient evidence to express an opinion or provide any assurance.

Other Information

CPSC's other information contains a wide range of information, some of which is not directly related to the financial statements. This information is presented for purposes of additional analysis and is not a required part of the financial statements or the RSI. We read the other information included with the financial statements in order to identify material inconsistencies, if any, with the audited financial statements. Our audits were conducted for the purpose of forming an opinion on CPSC's financial statements. We did not audit and do not express an opinion or provide any assurance on the other information.

Report on Internal Control over Financial Reporting

In connection with our audits of the CPSC's financial statements, we considered the CPSC's internal control over financial reporting, consistent with our auditors' responsibility discussed below. We performed our procedures related to the CPSC's internal control over financial reporting in accordance with *Government Auditing Standards*.

Management's Responsibility

CPSC management is responsible for (1) maintaining effective internal control over financial reporting, including the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; (2) evaluating the effectiveness of internal control over financial reporting based on the criteria established under 31 U.S.C. 3512 (c), (d) (commonly known as the Federal Managers' Financial Integrity Act (FMFIA)); and (3) providing an assurance statement on the overall effectiveness of internal control over financial reporting included in management's discussion and analysis (MD&A).

Auditors' Responsibility

In planning and performing our audit of CPSC's financial statements as of and for the year ended September 30, 2021, in accordance with *Government Auditing Standards*, we considered the CPSC's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the CPSC's internal control over financial reporting or on management's assurance statement on the overall effectiveness on internal control over financial reporting. Accordingly, we do not express an opinion on the CPSC's internal control over financial reporting or on management's assurance statement's assurance statement on the overall effectiveness of internal control over financial reporting or on management's assurance statement's assurance statement on the overall effectiveness of internal control over financial reporting or on management's assurance statement or the overall effectiveness of internal control over financial reporting. We are required to report all deficiencies that are considered to be material weaknesses or significant deficiencies. We did not consider or evaluate all internal controls relevant to operating objectives as broadly established by the FMFIA, such as those controls relevant to preparing performance information and ensuring efficient operations.

Definition and Inherent Limitations of Internal Control over Financial Reporting

An entity's internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, the objectives of which are to provide reasonable assurance that (1) transactions are properly recorded, processed, and summarized to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles, and assets are safeguarded against loss from unauthorized acquisition, use, or

disposition, and (2) transactions are executed in accordance with provisions of applicable laws, including those governing the use of budget authority, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct, misstatements due to fraud or error.

Results of Our Consideration of Internal Control over Financial Reporting

Our consideration of internal control was for the limited purpose described above, and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies or to express an opinion on the effectiveness of the CPSC's internal control over financial reporting. Given these limitations, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

During our fiscal year 2021 audit, we identified deficiencies in CPSC's internal control over financial reporting that we do not consider to be material weaknesses or significant deficiencies. Nonetheless, these deficiencies warrant CPSC management's attention. We have communicated these matters to CPSC management and, where appropriate, will report on them separately.

Purpose of Report on Internal Control over Financial Reporting

The purpose of this report is solely to describe the scope of our consideration of the CPSC's internal control over financial reporting and the results of our procedures, and not to provide an opinion on the effectiveness of the CPSC's internal control over financial reporting. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting. Accordingly, this report on internal control over financial reporting is not suitable for any other purpose.

Report on Compliance with Laws, Regulations, Contracts, and Grant Agreements and Other Matters

In connection with our audits of CPSC's financial statements, we tested compliance with selected provisions of applicable laws, regulations, contracts, and grant agreements consistent with our auditors' responsibility discussed below. We caution that noncompliance may occur and not be detected by these tests. We performed our tests of compliance in accordance with *Government Auditing Standards*.

Management's Responsibility

CPSC management is responsible for complying with laws, regulations, contracts, and grant agreements applicable to CPSC.

Auditors' Responsibility

Our responsibility is to test compliance with selected provisions of applicable laws, regulations, contracts, and grant agreements applicable to CPSC that have a direct effect on the determination of material amounts and disclosures in CPSC's financial statements, and perform certain other limited procedures. Accordingly, we did not test compliance with all laws, regulations, contracts, and grant agreements applicable to CPSC.

Results of Our Tests for Compliance with Laws, Regulations, Contracts, and Grant Agreements and Other Matters

Our tests for compliance with selected provisions of applicable laws, regulations, contracts, and grant agreements disclosed no instance of noncompliance or other matters for fiscal year 2021 that would be reportable under *Government Auditing Standards*. However, the objective of our tests was not to provide an opinion on compliance with laws, regulations, contracts, and grant agreements applicable to CPSC. Accordingly, we do not express such an opinion.

Purpose of Report on Compliance with Laws, Regulations, Contracts, and Grant Agreements and Other Matters

The purpose of this report is solely to describe the scope of our testing of compliance with selected provisions of applicable laws, regulations, contracts, and grant agreements, and the results of that testing, and not to provide an opinion on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering compliance. Accordingly, this report on compliance with laws, regulations, contracts, and grant agreements is not suitable for any other purpose.

Status of Prior Year's Control Deficiencies and Noncompliance Issues

We have reviewed the status of CPSC's corrective actions with respect to the findings and recommendations included in the prior year's Independent Auditors' Report, dated November 13, 2020. The status of prior year findings is presented in Exhibit A.

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

Reporting Entity

The accompanying financial statements present the financial position, net cost of operations, changes in net position, budgetary resources and custodial activities of the U.S. Consumer Product Safety Commission (CPSC), an independent federal regulatory agency with a mission to save lives and keep families safe by reducing the risk of injuries and deaths associated with consumer products. The CPSC was created in 1972 by Congress under the Consumer Product Safety Act and began operating in 1973. The agency is headed by five commissioners nominated by the President and confirmed by the Senate for staggered seven-year terms. The President designates one of the commissioners as Chair who is the agency head. The Consumer Product Safety Act (as amended) authorizes the CPSC to:

- Develop voluntary standards
- Issue and enforce mandatory standards
- Obtain recall of products or arrange for their repair
- Conduct research on potential product hazards
- Inform and educate consumers
- Respond to industry and consumer inquiries

Fund Accounting Structure

The CPSC's financial activities are accounted for by federal account symbol. They include the accounts for appropriated funds and other fund groups described below for which the CPSC maintains financial records.

<u>Appropriated Funds</u>: These funds consist of salaries and expense appropriation accounts used to fund agency operations and capital expenditures, the grant program under the Virginia Graeme Baker Pool and Spa Safety Act (VGB Act), and COVID-19 relief under the American Rescue Plan Act (ARPA).

<u>General Fund Receipt Accounts:</u> The CPSC collects civil penalties, Freedom of Information Act fees and other miscellaneous receipts, which by law are not retained by the CPSC. The U.S. Treasury automatically transfers all cash balances in these receipt accounts to the general fund of the U.S. Treasury at the end of each fiscal year.

<u>Gifts and Donations Receipt Account</u>: U.S.C. Title 15, Chapter 47, section 2076, paragraph (b) (6), authorizes the CPSC "to accept gifts and voluntary and uncompensated services." The CPSC occasionally receives donations from non-government sources in support of the agency's mission.

Budget Authority

Congress enacts appropriations that provide the CPSC with authority to obligate funds for necessary expenses to carry out authorized program activities. The funds appropriated are subject to Office of Management and Budget (OMB) apportionment. The CPSC's Administrative Control of Funds directive complies with Federal budgetary accounting guidelines of OMB Circular No. A-11, *Preparation, Submission and Execution of the Budget*, as amended. This directive places internal restrictions on the apportioned funds by designating the amount, use, and authorized party of any division of the apportioned funds. These restrictions – known as

allotments, sub-allotments, and allowances – limit the amounts available so obligations will not exceed the appropriated or apportioned amounts.

Basis of Accounting and Presentation

The financial statements have been prepared on the accrual basis and the budgetary basis of accounting in conformity with the generally accepted accounting principles for the federal government. Accordingly, revenues are recognized when earned and expenses are recognized when incurred, without regard to the receipt or payment of cash. These principles differ from budgetary reporting principles. The differences relate primarily to the capitalization and depreciation of property and equipment, as well as the recognition of other long-term assets and liabilities. The statements were also prepared in conformity with OMB Circular A-136, *Financial Reporting Requirements*, as amended.

Assets

Intragovernmental assets are those assets that arise from transactions with other federal entities. Fund Balance with Treasury comprise the majority of intragovernmental assets on the CPSC's balance sheet.

A. Fund Balance with Treasury

The U.S. Department of Treasury (U.S. Treasury) collects and disburses cash on behalf of CPSC. Fund Balance with Treasury consist of appropriated funds and general fund receipt accounts. Appropriated funds are available to pay current liabilities and authorized purchase commitments. General fund receipt accounts are used to record collections made by the CPSC. The U.S. Treasury automatically transfers all cash balances in these receipt accounts to the general fund of the U.S. Treasury at year-end. The CPSC's Fund Balance with Treasury is carried forward until such time as goods or services are received and payment is made, or until the funds are returned to the U.S. Treasury.

The CPSC's cash receipts and disbursements are processed by the U.S. Treasury. Fund Balance with Treasury represent obligated and unobligated balances available to finance allowable expenditures and restricted balances, including amounts related to expired authority and amounts not available for use by the CPSC.

B. Accounts Receivable and Allowance for Uncollectible Accounts

The CPSC's accounts receivable are classified into two types of accounts. Entity accounts receivables include amounts due from customers for reimbursable agreement, overpayment to vendors and current and former employees. Non-entity accounts receivable are civil monetary penalties resulting from the CPSC's enforcement actions, and for fees billed to fulfill Freedom of Information Act requests. The CPSC holds these non-entity receivables in a custodial capacity. The CPSC calculates the allowance for uncollectible accounts using an analysis of historical collection data. No allowance for uncollectible amounts or related provisions for estimated losses has been established, as these amounts are fully collectible based on historical experience.

C. Property and Equipment

Property and equipment consist of equipment, software, furniture, fixtures, other equipment, and leasehold improvements.

Beginning October 2019, equipment and software with a useful life of two or more years are capitalized when the acquisition value is \$30,000 or greater. Bulk furniture, fixture, other equipment, and software purchases and leasehold improvements with an aggregate acquisition cost of \$100,000 and a useful life of two or more

years are capitalized. The CPSC reports property and equipment purchases and additions at historical costs. The CPSC treats property and equipment acquisitions that do not meet the capitalization criteria as an expense.

The CPSC depreciates property and equipment using the straight-line method of depreciation. Leasehold improvements are amortized over the lesser of the leasehold improvement's useful life or the lease term. The CPSC removes property and equipment from its asset account in the period of disposal, retirement or removal from service. The CPSC recognizes the difference between the book value and any proceeds as a gain or loss in the period that the asset is removed.

Liabilities

Liabilities represent amounts that are likely to be paid by the CPSC because of transactions that have already occurred.

A. Accounts Payable

Accounts Payable consists of amounts owed by the CPSC to federal agencies and commercial vendors for goods and services received.

B. Salaries and Federal Employee Benefits

Liabilities covered by budgetary resources represents liabilities funded by available budgetary resources, which include appropriated funds and reimbursable authority. These liabilities consist of the salaries and wages of the CPSC's employees and the corresponding agency share for the pension, health and life insurance for employees receiving these benefits. The CPSC employees are eligible to participate in the contributory Federal Employees Health Benefit Program (FEHBP) and the Federal Employees Group Life Insurance Program (FEGLIP). The CPSC makes contributions in addition to the employee contributions to each program to pay for current benefits.

C. Accrued Annual Leave

A liability for annual leave is accrued as leave is earned and paid when leave is taken. At year-end, the balance in the accrued annual leave account is adjusted to reflect the liability at current pay rates and for leave balances. Sick leave and other types of leave are treated as an expense when the leave is used by the employee.

D. Federal Employees' Compensation Act (FECA)

The CPSC records an estimated unfunded liability for future worker's compensation claims based on data provided from the Department of Labor (DOL). The CPSC uses the DOL provided data to estimate a FECA actuarial liability that is recorded at year-end. DOL provides CPSC with the actual claim amounts already paid out by DOL for employees.

E. Commitments and Contingencies

The CPSC has claims and lawsuits pending against the agency. The CPSC's policy is to include provision in the financial statements for any losses considered probable and estimable. Management believes that losses from certain other claims and lawsuits are reasonably possible but are not material to the fair presentation of the CPSC's financial statements, and provisions for these losses are not included in the financial statements.

Estimates and Assumptions

The preparation of financial statements requires Management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Changes in Entity or Financial Reporting

The presentation of the fiscal year 2020 Balance sheet and Undelivered Order Foot Note 13 has been modified to be consistent with the current year presentation. The format of the Balance Sheet has changed to reflect more detail for certain line items, as required for all significant reporting entities by OMB Circular A-136. This change does not affect totals for assets, liabilities, or net position and is intended to allow readers of this Report to see how the amounts shown on the Balance Sheet are reflected on the Government-wide Balance Sheet, thereby supporting the preparation and audit of the Financial Report of the United States Government.

Classified Activities

Accounting standards require all reporting entities to disclose that accounting standards allow certain presentations and disclosures to be modified, if needed, to prevent the disclosure of classified information.

Note 2 – Fund Balance with Treasury

CPSC's Fund Balance with Treasury consist of apportioned and unapportioned funds. The status of these funds as of September 30, 2021 and September 30, 2020 is:

	2	2021	2020		
Entity					
Unobligated Balance					
Available	\$	49,404,209	\$	2,579,048	
Unavailable		1,528,303		1,856,745	
Obligated Balance, Not Yet Disbursed		45,320,647		39,121,963	
Total Entity Fund Balance with Treasury		96,253,159		43,557,756	
Non-Entity					
Custodial Funds held for Treasury		-		-	
Total Fund Balance with Treasury	\$	96,253,159	\$	43,557,756	

The available unobligated fund balances represent the current-period amount available for obligation or commitment. At the start of the next fiscal year, this amount will become part of the unavailable balance as described in the following paragraph. The available unobligated balance as of September 30, 2021 and September 30, 2020 was \$49,404,209 and \$2,579,048 respectively.

The unavailable unobligated fund balances represent the amount of appropriations for which the period of availability for obligation has expired. These balances are available for upward adjustments of obligations incurred only during the period for which the appropriation was available for obligation or for paying claims attributable to the appropriations. The unavailable unobligated balance as of September 30, 2021 and September 30, 2020 was \$1,528,303 and \$1,856,745 respectively.

The obligated balance not yet disbursed includes accounts payable, accrued expenses, and undelivered orders that have reduced unexpended appropriations but have not yet decreased the Fund Balance with Treasury on hand (see **Note 13**).

The custodial funds held for Treasury consist of collections of fines and penalties received from violators of the Consumer Product Safety Act (as amended) and Freedom of Information Act (FOIA) charges both of which are not available for CPSC to use. The custodial funds held for Treasury makes up the difference between the Fund Balance with Treasury amount reported in the CPSC general ledger and the balance reported in the Governmentwide Accounting (GWA) Statement Module. The custodial funds held for Treasury as of September 30, 2021 and September 30, 2020 was \$0 for both years.

The increase in Fund Balance with Treasury from the prior year is due to an additional \$2.5M in current year appropriated funds and \$50M in additional funding received under the American Rescue Plan Act of 2021.

Note 3 – Accounts Receivable, Net

The CPSC's accounts receivable is comprised of entity and non-entity accounts. The entity receivables include amounts due from other agencies for goods and services provided, amounts due from current and former employees and other public receivables. The non-entity receivables include Civil Fines and Penalties and Freedom of Information Act activity. The non-entity civil fines and penalties are aged and either in litigation, forbearance or a formal appeals process. No allowance for uncollectible amounts or related provision for estimated losses has been established for the CPSC's accounts receivable, as these amounts are fully collectible based on historical experience. The composition of accounts receivable as of September 30, 2021 and September 30, 2020 is:

Accounts Receivable	 2021	2020		
Entity				
Intragovernmental				
Accounts Receivable	\$ 141,644	\$	1,471,380	
Public				
Accounts Receivable	14,773		3,187	
Non-Entity				
Public Civil Fines and Penalties Other Receivable	4,583 7,858		4,583 7,745	
Total Non-Entity Accounts Receivable	 12,441		12,328	
Total Accounts Receivable	\$ 168,858	\$	1,486,895	

Note 4 – Advances and Prepayments

The majority of advances to other federal agencies are for the service contract with National Institute of Standards and Technology (NIST) in support of the CPSC's work with the National Nanotechnology Initiative (NNI). Other advances are for the CPSC's services contracts with federal agencies for employee benefits.

The balance of advances to other federal agencies as of September 30, 2021 and September 30, 2020 is \$385,973 and \$654,382, respectively.

Note 5 – General Property and Equipment, Net

The composition of general property and equipment (GPE) as of September 30, 2021 is:

Classes of GPE	Aco	quisition Cost	-	Accumulated Depreciation	Net	Book Value	Service Life in Years
Leasehold Improvement	\$	24,283,497	\$	22,413,099	\$	1,870,398	6-14
Equipment		23,536,167		19,133,085		4,403,082	5-12
Furniture, Fixture & Other Equipment		2,608,689		2,608,689		-	3-5
ADP Software		2,650,861		2,424,755		226, 106	5

ADP Software in Progress		134,100		-	134,100											
Construction in Progress		121,210		-	 121,210											
Total	\$	50, 172, 799	\$	44,430,481	\$ 5,742,318											

Note 6 – Liabilities Not Covered by Budgetary Resources

Liabilities not covered by budgetary resources are liabilities that are not covered by budgetary resources including (1) new budget authority, (2) unobligated balances of budgetary resources at the beginning of the year or net transfers of prior year balances during the year, (3) spending authority from offsetting collections (credited to an appropriation or fund account), and (4) recoveries of unexpired budget authority through downward adjustments of prior year obligations. Liabilities Not Requiring Budgetary Resources are liabilities that have not in the past required and will not in the future require the use of the aforementioned budgetary resources.

The liabilities on the CPSC's balance sheet as of September 30, 2021 and September 30, 2020 include liabilities not covered by budgetary resources. The intra-governmental liabilities are owed to DOL for the FECA (disability) payments and the General Services Administration (GSA) for the tenant improvement allowance

provided as a part of the long-term lease on office facilities. The CPSC also recognizes liabilities for employee annual leave earned but not yet taken and for workers' compensation actuarial liability. The CPSC also collects on receivables that are withdrawn to Treasury with no budgetary resource associated. The composition of the liabilities not covered by budgetary resources as of September 30, 2021 and September 30, 2020 is:

Liabilities Not Covered by Budgetary Resources	2021		2	020
Intra-governmental				
Worker's Compensation	\$	432,957	\$	573,042
Other Unfunded Liabilities		-		2,057
Tenant Improvement Liability		1,357,175		1,579,621
Total Intra-governmental		1,790,132		2,154,720
Accrued Annual Leave		6,576,708		6,321,772
Worker's Compensation Actuarial		3,221,525		3,325,094
Total Liabilities Not Covered by Budgetary				
Resources	\$	11,588,365	\$	11,801,586
Total Liabilities Covered by Budgetary				
Resources	\$	10,781,050	\$	7,955,710
Total Liabilities Not Requiring Budgetary				
Resources (see Note 8)	\$	12,441	\$	12,328
Total Liabilities	\$	22,381,856	\$	19,769,624

Note 7 - Accounts Payable, Tenant Improvement Liability (TIL)

The composition of TIL as of September 30, 2021 and September 30, 2020 is: **Other Liabilities** 2020 2021 Intra-governmental \$ 200,681 \$ 307,566 Tenant Improvement Liability - HQ Tenant Improvement Liability - NPTEC 1,156,494 1,272,055 Total Tenant Improvement Liability \$ 1,357,175 \$ 1,579,621

The unfunded intragovernmental tenant improvement liability (TIL) is payable to the GSA over the life of the lease. The CPSC's lease agreements with the GSA are for three facilities in Maryland; the Headquarters (HQ) offices located in Bethesda, the National Product Testing and Evaluation Center (NPTEC) located in Rockville, and the Sample Storage Facility (SSF) located in Gaithersburg. The three leases provided an allowance for customization of the properties. The TIL is amortized over the life of the lease. The TIL is reduced when the amortized amount is billed by the GSA and paid by the CPSC.

Note 8 – Other Liabilities

Other Liabilities	 2021	2020
Intra-governmental		
Employee Benefits	\$ 794,738	\$ 689,033
Workers' Compensation	432,957	573,042
Employer Contributions Payable	245,429	231,794

Custodial Liability Other Unfunded Employment Liability	12,441		9,829 2057
Total Intra-governmental	\$ 1,485,565	\$	1,505,754
With the Public			
Accrued Payroll and Leave	\$ 3,459,795	\$	3,231,586
Custodial Liability	-		2,500
Other Liabilities w/Related Budgetary Obligations	 52,735		41,788
Total With the Public	\$ 3,512,530	\$	3,275,874
Total Other Liabilities	\$ 4,998,095	 \$	4,781,628

CSRS, FERS, FICA, FEHB, and FEGLI contributions are shown on the balance sheets as an employee benefits and employer contributions liability. Amounts owed to OPM and Treasury as of September 30, 2021 and September 30, 2020, were \$1,040,167 and \$920,827, respectively.

The CPSC has authority to levy fines and penalties against manufacturers, retailers or distributors who violate the Consumer Product Safety Act (as amended), Federal Hazardous Substance Act, and the Flammable Fabrics Act. Civil penalty collections are deposited in the U.S. Treasury and are not available for the CPSC to use. The CPSC also charges a fee for the processing of Freedom of Information Act (FOIA) requests. FOIA fees are also deposited in the U.S. Treasury and are not available for the CPSC to use and balances in the general fund receipt accounts are recognized as a custodial liability on the CPSC's Balance Sheet. As of September 30, 2021, and September 30, 2020, the total Custodial Liabilities are \$12,441 and \$12,328 respectively. The revenue and collection activities of these liabilities are presented in the Statement of Custodial Activities.

Note 9 – Federal Employee Benefits Payable

Federal employee benefits consist of the actuarial portion of future benefits earned by federal employees, but not yet due and payable. These costs include pensions, other retirement benefits, and other post-employment benefits, excluding workers compensation. These benefits are administered by the Office of Personnel Management (OPM) and not the CPSC. Since the CPSC does not administer the benefit plans, the CPSC does not recognize any liability on the Balance Sheet for pensions, other retirement benefits and other postemployment benefits. The CPSC does, however, recognize the imputed financing sources/costs related to these benefits on the Net Cost of Operations, and the Statement of Changes in Net Position. Imputed financing sources totaled \$4,023,526 and \$3,551,306 for the periods ending September 30, 2021 and September 30, 2020, respectively.

The federal employee benefits payable as shown on the Balance Sheet as of September 30, 2021 and September 30, 2020 are \$9,955,765 and \$9,787,951, respectively. The federal employee retirement benefit costs paid by OPM and imputed to CPSC for the period ended September 30, 2021 and September 30, 2020 is:

	 2021	2020		
Estimated future pension costs (CSRS/ FERS)	\$ 594,757	\$	283,547	
Estimated future postretirement health insurance (FEHB)	3,417,947		3,257,400	
Estimated future postretirement life insurance (FEGLI)	10,822		10,359	

2021 Agency Financial Report	Fi	NANCIA	AL SECTION
Total Imputed Costs	\$ 4,023,526	\$	3,551,306

The CPSC's employees participate in either the Civil Service Retirement System (CSRS) or the Federal Employees' Retirement System (FERS), depending on when they started working for the federal government. FERS and Social Security cover most employees hired after December 31, 1983. Employees who are rehired after a break in service of more than one year and who had five years of federal civilian service prior to 1987 are eligible to participate in the CSRS offset retirement system or may elect to join FERS.

For employees participating in CSRS, CPSC contributes 7 percent to their plan. FERS is a three-tiered retirement system consisting of a Basic Benefit Plan, Thrift Savings Plan (TSP), and Social Security Benefits. For the FERS Basic Benefit Plan, CPSC contributes between 11.9 percent and 13.7 percent for regular employees.

The TSP under FERS is a savings plan in which CPSC automatically contributes one percent of base pay and matches any employee contributions up to an additional four percent of base pay. For most employees hired after December 31, 1983, CPSC also contributes the employer's matching share for Social Security. The CPSC's contributions are recognized as current operating expenses.

Note 10 - Cumulative Results of Operations

The cumulative results of operations represent the excess of financing sources over expenses since inception. Details of the components of the CPSC's cumulative results of operations for the fiscal year ending September 30, 2021 and September 30, 2020 is:

	2021			2020
Investment in leasehold improvements, net	\$	1,870,398		\$ 1,431,136
Investment in property and equipment, net		4,909,417		4,311,182
Tenant improvement allowance		-		1,228,960
Gift fund		18,953		18,953
Other assets and resources		18,166		3,188
Liabilities not covered by budgetary resources		(11,588,365)		(11,801,586)
Cumulative results of operations	\$	(4,771,431)		\$ (4,808,168)

The CPSC does not hold title to the leased property where the leasehold improvements were made. Upon termination of the lease agreement, the total amount of leasehold improvements and tenant improvement allowance will be charged to operations and will reduce the balance of cumulative results of operations. See **Note 6** for the composition of liabilities not covered by budgetary resources.

Note 11 – Operating Leases

The CPSC's lease agreements with the GSA are for three facilities in Maryland; HQ offices located in Bethesda, the NPTEC located in Rockville, and the SSF located in Gaithersburg. These operating lease agreements expire between fiscal years 2022 and 2035. The HQ and NPTEC facilities also have new negotiated occupancy agreements to start in the near future as disclosed below. Lease costs for the period ended September 30, 2021 and September 30, 2020 amounted to approximately \$5,550,210 and \$7,730,354 respectively. Estimated future minimum lease payments for the three facilities are:

Fiscal Year	Estimated Future Lease Payments
2022	\$ 7,337,947
2023	7,610,669

Note 12 – Apportionment Categories of Obligations Incurred: Direct vs. Reimbursable Obligations

The CPSC's apportionments fall under three Categories: Direct Category A, quarterly apportionment for salaries and expenses; Direct Category B, restricted and activity apportionment for the Virginia Graeme Baker Pool and Spa Safety Act (VGB) grant program and COVID-19 relief under the American Rescue Plan Act (ARPA); and Reimbursable Category B, restricted and activity apportionment for reimbursable activities. CPSC, currently, does not have any Reimbursable Category A apportionments. Apportionment categories of obligations incurred for the fiscal years ending September 30, 2021 and September 30, 2020 are:

	 2021	 2020
Direct:		
Category A	\$ 133,904,303	\$ 131,359,752
Category B	4,672,316	152,738
Reimbursable:		
Category A	\$ -	\$ -
Category B	 4,416,504	 3,042,182
Total Obligations incurred	\$ 142,993,123	\$ 134,554,672

Note 13 – Undelivered Orders

The amount of budgetary resources obligated for orders undelivered as of September 30, 2021 and September 30, 2020 are:

	2021	2020
Intragovernmental, Undelivered Orders Unpaid Public, Undelivered Orders Unpaid	\$ 1,458,921 36,248,547	\$ 2,369,021 31,216,947
Intragovernmental, Undelivered Orders Paid Public, Undelivered Orders Paid	\$ 385,973	\$ 654,382
Total Undelivered Orders	\$ 38,093,441	\$ 34,240,350

Note 14 – Explanation of Differences between the Statement of Budgetary Resources and the Budget of the United States Government

A reconciliation of the CPSC's fiscal year 2020statement of budgetary resources with the corresponding information presented in the fiscal year 2022 President's Budget is:

FY 2020	getary ources	New Obligations & Upward Adjustments		Distributed Offsetting Receipts	Net Outlays
Statement of Budgetary Resources Expired Unobligated Balance, end	\$ 138,990,465	\$ 134,554,672	\$	12,849	\$127,052,337
of year	\$ (1,714,260)	\$ -	\$	-	\$ -
Rounding	\$ (276,205)	\$ (554,672)	\$	(12,849)	\$ 947,663
FY 2022 Presidents Budget	\$ 137,000,000	\$ 134,000,000	\$	-	\$128,000,000

The FY 2023 Budget of the U.S. Government (also known as the President's Budget) will not be published prior to February 2022. Accordingly, a comparison between the fiscal year 2021 data reflected on the statement of budgetary resources and fiscal year 2021 data in the President's Budget cannot be performed. The Budget with the actual amount for fiscal year 2021 will be available later at https://www.whitehouse.gov/omb/budget. The differences reported are due to differing reporting requirements for expired and unexpired appropriations between the Treasury guidance used to prepare the SBR and the OMB guidance to prepare the President's Budget. The SBR includes both expired and unexpired appropriations, while the President's Budget presents only unexpired budgetary resources that are available for new obligations.

Note 15 – Custodial Revenue

The CPSC has authority to levy fines and penalties against manufacturers, retailers or distributors who violate the Consumer Product Safety Act (as amended), Federal Hazardous Substance Act, and the Flammable Fabrics Act, as mentioned in **Note 8**. Custodial revenue collections are derived from two primary sources: Civil Penalties paid by regulated entities for violations of consumer product laws and regulations and reimbursement of Freedom of Information Act (FOIA) expenses incurred by the agency when requests are made from the public for CPSC documents. During fiscal year 2021, there was one assessed civil penalty amounting in \$7,950,000. All custodial revenue collections are deposited in the U.S. Treasury and are not available for the CPSC to use.

Note 16 – Reconciliation of Net Cost to Net Outlays

The Budget Accrual Reconciliation (BAR) is a reconciliation of net outlays that are presented on a budgetary basis and the net cost that are presented on an accrual basis, to provide an explanation of the relationship between budgetary and financial accounting information.

The BARs for the period ending September 30, 2021 and September 30, 2020 are:

Budget and Accrual Reconciliation For the Year Ended September 30, 2021

Note 17 – American Rescue Plan Funding

The American Rescue Plan Act (ARPA) of 2021 (P.L. 117-2) was signed into law by President Biden on March 11, 2021. This bill provided additional relief to address the continued impact of COVID-19 on the economy, public health, state and local governments, individuals, and businesses.

CPSC received \$50 million in FY 2021 supplemental appropriations to remain available until September 30, 2026 for the following purposes:

- To carry out the requirements in Title XX of Division FF of the FY 2021 Consolidated Appropriations Act, 2021 (Pub. L. No. 116-260);
- Enhance targeting, surveillance, and screening of consumer products, particularly COVID-19 products entering the United States at ports of entry, including ports of entry for de minimis shipments;
- Enhance monitoring of Internet websites for the offering of sale of new and used violative consumer products, particularly COVID-19 products, and coordination with retail and resale websites to improve identification and elimination of listing of such products;
- Increase awareness and communication particularly of COVID-19 product-related risks and other consumer product safety information; and
- Improve the agency's data collection and analysis system, especially with a focus on consumer product safety risks resulting from the COVID-19 pandemic, to socially disadvantaged individuals and other vulnerable populations.

Of the \$50 million received in supplemental appropriations, as of September 30, 2021, \$5 million has been apportioned by the agency. A total of \$3,633,335 has been obligated, \$544,093 and \$3,089,242 for payroll and non-pay activities respectively. Due to the additional appropriations received in FY 2021 under ARPA, the CPSC has seen an increase in assets, financing sources and budgetary resources. See Notes 2, 12, 13, and 14.
