MEMORANDUM

TO: Robert Scherer
Chief Information Officer

FROM: Nicholas Novak
Inspector General

SUBJECT: PBGC Security Assessment Report (Report No. SR-2023-1)

I am pleased to transmit the restricted disclosure report detailing results of the vulnerability assessment and penetration testing of PBGC's network performed in conjunction with the FY 2022 financial statement and Federal Information Security Modernization Act (FISMA) audits.

This report presents the technical results from our contracted independent public accountant, Ernst and Young, who assessed the PBGC network for weaknesses that may allow employees or outsiders to cause harm to or impact PBGC's business processes and information. It includes no formal recommendations as they are consolidated and presented in the FY2022 FISMA report.

We appreciate the cooperation received.
