

OFFICE OF THE

**INSPECTOR GENERAL**

DEFENSE INTELLIGENCE AGENCY

## REPORT SUMMARY

### **Audit of DIA's Modernization of the Joint Worldwide Intelligence Communications System, Project 2022-1001**

Our objective was to determine whether processes for the management of the current Joint Worldwide Intelligence Communications System wide-area network and its modernization plan were designed to maintain network resiliency by meeting present and future security and capability requirements. We issued our results in a classified report on June 15, 2023.
