

**EMPLOYEE TERMINATED FOR MISUSE OF COMPANY-OWNED  
DEVICES**

**Activity Date: March 7, 2024**

**Date Posted: April 4, 2024**

**Case Number: 23-0614-I**

**Web Summary: OIG-WS-2024-325**

An Amtrak employee based in Seattle, Washington, was terminated from employment on March 7, 2024, following our investigation. Our investigation found that the employee violated company policies by using his company email to conduct business for an outlaw motorcycle gang and by maintaining sexually explicit images on his company devices. The former employee also acknowledged that he was denied entry into Canada due to his association with the outlaw motorcycle gang, thus interfering with his ability to perform his duties.
