## Inspector General Semiannual Report

---

### Office of Inspector General

The Appalachian Regional Commission (Commission) established the Office of Inspector General when the *Inspector General Act* (IG Act) was amended in 1988. Our office provides audit, evaluation, inspection, and investigative services covering all Commission programs and operations. Our mission is to promote and preserve the effectiveness, efficiency, and integrity of the Commission. We plan and conduct our activities based on several factors: requirements of laws and regulations, requests from management officials, allegations received from Commission personnel and other sources, and the Inspector General's initiative.

---

### Semiannual Report

The IG Act requires each Inspector General to prepare a report twice a year that summarizes the activities of the office. This Semiannual Report covers the period from October 1, 2023, through March 31, 2024. The 17 reporting requirements specified in the IG Act are shown in Appendix A, Table 1 and must be included in the report.

---

### Inspector General Reports Issued During This Period

The Inspector General issued 19 reports during this reporting period. Eighteen of the reports were audits of grant awards. The grant audits were designed to determine whether the grantee had sound management practices in place to administer the financial and performance aspects of the award. The other report issued was the financial statement audit opinion for fiscal year 2023.

A complete list of reports issued during this reporting period is provided in Appendix A, Table 2.

### Summary of Prior Period Reports

#### Management Decisions Made for Recommendations Issued in Prior Periods

At the beginning of this reporting period, the Commission had provided management decisions for all recommendations from all reports we issued in prior periods.

#### Unimplemented Recommendations From Prior Periods and Potential Cost Savings

At the beginning of this reporting period, the Commission had fourteen recommendations from five previous reports without final action. Four recommendations from two of those reports are still awaiting final action.

A complete list of unimplemented recommendations from prior periods, including any potential cost savings is provided in Appendix A, Table 6.

---

### Description of Significant Problems, Abuses, or Deficiencies

The Inspector General has the discretion to determine if the results of an audit, inspection, evaluation, or other report are significant to the administration and operations of the Commission. In making this determination, the Inspector General considers quantitative and qualitative factors, such as the nature of the problem or deficiency, potential monetary impacts, and materiality as it relates to the integrity of the Commission's programs and operations.

The Inspector General did not identify any problems, abuses, or deficiencies that rose to this level of significance during this reporting period.

---

### Hotline and Investigations

#### Investigations and Inquiries: Overview

One of our functions is to conduct investigations and inquiries of criminal, civil, and administrative wrongdoing involving Commission programs, operations, and personnel. We may investigate possible violations of criminal law, of regulations on employee responsibilities and conduct, and of other statutes and regulations covering Commission activities.

## Inspector General Semiannual Report

---

Our office reviews and analyzes each complaint received to decide the appropriate course of action and, if appropriate, conducts a preliminary inquiry. If the information we find during the preliminary inquiry indicates that a full investigation is appropriate, we will launch an investigation.

### **OIG Hotline Contacts**

Our office maintains a hotline for reporting information about suspected waste, fraud, abuse, or mismanagement involving Commission programs or operations. The information may come to us in person; by telephone, fax, email, or mail; or through a web-based form. When requested, we will endeavor to keep a provider's identity confidential. Complaints may also be made anonymously.

We receive complaints from employees, contractors, grantees, and the public that involve the Commission's areas of responsibility. We examine these complaints to determine whether there is any indication of wrongdoing or misconduct by grantees or the Commission. If the complaint does not relate to the Commission or its grantees, we refer the complaint to the appropriate entity for action. If the complaint does not have merit, we close the matter.

### **Investigations Closed During the Reporting Period**

The Office of Inspector General did not close any significant investigations during this reporting period.

### **Summary of Matters Referred to Prosecuting Authorities**

The Office of Inspector General did not refer any matters to prosecuting authorities during this reporting period.

### **Investigations with Substantiated Allegations Involving Senior Government Employees**

The Office of Inspector General did not issue any investigative reports that substantiated allegations involving senior government employees.

## Inspector General Semiannual Report

---

### Summary of Reports Not Disclosed to the Public

#### Audits and Other Reports to Management

The Office of Inspector General did not issue any inspections, evaluations, or audits that were not disclosed to the public during this reporting period.

#### Investigations

The Office of Inspector General did not issue any investigative reports that were not disclosed to the public during this reporting period.

---

### External Oversight Reviews

The Commission's administrative operations and programs are from time-to-time reviewed by Federal oversight entities external to the Commission; such as the Government Accountability Office and Office of Government Ethics.

The Commission did not receive any reports from an external oversight entity during this reporting period and had no outstanding recommendations from prior periods.

---

### Assistance to or From Other Offices of Inspector General

Section 406(a)(3) of the Inspector General Act of 1978, as amended, gives the Inspector General the authority to obtain assistance from any other Federal agency to carry out the duties and responsibilities assigned by the Act. We currently have three Memorandums of Understanding with other Inspectors General.

We have two Memorandums of Understanding with the Office of Inspector General of the International Trade Commission for technical assistance and legal support. We also continued our Memorandum of Understanding with the Inspector General of the Federal Maritime Commission to provide investigative support services.

# **Appalachian Regional Commission**

## **Inspector General Semiannual Report**

---

### **Congressional Activities**

The Inspector General did not respond to any Congressional requests during this reporting period.

---

### **Council of the Inspectors General on Integrity and Efficiency**

The Inspector General and staff actively participated in meetings and supported the efforts of the Council of the Inspectors General on Integrity and Efficiency (CIGIE) and its committees.

---

### **Federal Financial Management Improvement Act Reporting**

The IG Act and the Federal Financial Management Improvement Act of 1996 (FFMIA) require the inspectors general of certain agencies to report “instances and reasons” when the agency has not met intermediate target dates established in a remediation plan to bring the agency’s financial management system into substantial compliance with the FFMIA. The Commission is not subject to the FFMIA; however, it voluntarily seeks to comply with most of its requirements. During this reporting period, there were no events that gave rise to a duty to report under FFMIA.

---

### **Peer Reviews**

Our office had a modified peer review report completed of our audit function by the Government Publishing Office’s Office of Inspector General. The report was issued on September 14, 2021, and determined the established policies and procedures for the audit function were current and consistent with applicable professional standards. The report did not contain any recommendations.

The next peer review of our audit function will be conducted during the next reporting period in accordance with the schedule set by the Council of Inspectors General on Integrity and Efficiency.
