SUBJECT: Evaluation of the Commission's Access to AbilityOne Program Data

The Office of Inspector General (OIG) is initiating an evaluation of the U.S. AbilityOne Commission's (Commission) Access to Program Data. Our overall objective is to identify AbilityOne Program data generated or maintained by Central Nonprofit Agencies (CNA) and/or Nonprofit Agencies (NPA), that is not currently available to the Commission. To answer our objective, we will be reviewing and analyzing data points maintained by the CNAs and NPAs.

This review will be performed in accordance with the Quality Standards for Inspection and Evaluation issued by the Council of the Inspectors General on Integrity and Efficiency.

The OIG will reach out to schedule the entrance conference following this notification. If you have any questions, please contact me or Laurreta Joseph, Assistant Inspector General for Evaluation and Acting Assistant Inspector General for Audit at ljoseph@oig.abilityone.gov.
