MEMORANDUM FOR GREGORY TILL

**ACTING CHIEF PROGRAM OFFICER, OFFICE OF CAPITAL
ACCESS**

FROM: Pauletta P. Battle /s/
Acting Assistant Inspector General for Audit

SUBJECT: Termination Memorandum – Audit of the Department of the Treasury's Pre-award Process for the State Small Business Credit Initiative (SSBCI) Program Funds for Technical Assistance to States, U.S. Territories, and Tribal Governments (S-SC-23-008)

In January 2023, we initiated an audit of the Department of the Treasury's (Treasury) Pre-Award Process for the SSBCI Program Funds for Technical Assistance to States, U.S. Territories, and Tribal Governments. Our objective was to assess Treasury's administration of the pre-award process for SSBCI's program funds of approximately \$500 million for technical assistance to states, U.S. territories, and tribal governments. The scope of our audit included all pre-award activities relating to the approval of SSBCI program funds for technical assistance to states, territories, and tribal governments from March 2021 to March 2023. This audit was included in our annual plan for fiscal year 2024. Shortly after issuing our engagement letter, our office temporarily paused this audit and focused on other pandemic-related programs created under the Coronavirus Aid, Relief, and Economic Security Act,¹ passed on March 27, 2020; and the American Rescue Plan Act of 2021, enacted on March 11, 2021.² During several meetings with the Government Accountability Office (GAO), we learned that GAO was conducting two audits of the SSBCI program and that their audit reports were scheduled to be issued in February 2023 and June 2024, respectively.

¹ P.L. 116-136 (March 27, 2020)

² P.L. 117-2 (March 11, 2021)

In February 2023, GAO issued the first of the two audit reports.³ In its report, GAO evaluated Treasury's implementation of the SSBCI, reauthorized by the American Rescue Plan Act of 2021. Specifically, GAO examined

- (1) jurisdictions' planned use of SSBCI funds to meet program objectives,
- (2) Treasury's completion of key implementation steps for SSBCI, and
- (3) Treasury's efforts to manage program risks and measure program performance.

In June 2024, GAO issued the second of the two audit reports.⁴ In its report, GAO examined (1) Treasury's disbursement of SSBCI funds and the status of the Minority Business Development Agency's grant awards; (2) Treasury's management of time frames for remaining implementation steps; (3) Treasury's efforts to ensure compliance with program requirements; and (4) Treasury's efforts to measure and report on program performance.

Based on our review of the GAO reports of the SSBCI program and after additional discussions with GAO about its level of review performed on these two audits, we determined that there is considerable overlap of audit objectives for our audit and GAO's audits. Therefore, we believe that it is redundant to devote resources to conduct an audit of Treasury's Pre-Award Process for the SSBCI Program Funds for Technical Assistance to States, U.S. Territories, and Tribal Governments. Accordingly, we are terminating this audit. Please note that the *Audit of the Department of the Treasury's (Treasury) Pre-award Process for the State Small Business Credit Initiative Program Funds for Technical Assistance to States, U.S. Territories, and Tribal Governments* (S-SC-23-008) will be removed from our *Monthly Status Report*.

We appreciate the courtesies and assistance provided by your staff. If you have any questions, please contact me at (202) 927-5400 or Dianna Jones, Director, SSBCI, at (202) 997-4491.
