Under a contract we monitored, Kearney & Company, P.C. (Kearney), an independent public accounting firm, performed the audit of NSF's FY 2025 financial statements. Kearney is responsible for the attached auditor's reports dated December 17, 2025, and the conclusions expressed therein. We do not express an opinion on NSF's financial statements or on the conclusions expressed in Kearney's reports on internal controls over financial reporting and on compliance with laws, regulations, contracts, and grant agreements.

AUDIT RESULTS

Kearney's Independent Auditor's Report includes an unmodified opinion on NSF's financial statements as of and for the year ended September 30, 2025. Per its Report on Internal Control over Financial Reporting, Kearney identified no material weaknesses. Per its Report on Compliance with Laws, Regulations, Contracts, and Grant Agreements, Kearney identified no reportable instances of noncompliance or other matters. TO: Dr. Victor R. McCrary

Mr. Brian Stone
Chief of Staff, performing the duties of the Director

FROM: Megan E. Wallace

SUBJECT: Final Report No. 26-02-001, *Audit of the U.S. National Science Foundation's Fiscal Year 2025 Financial Statements*

This memorandum transmits the Kearney & Company, P.C.'s report on its financial statement audit of the U.S. National Science Foundation (NSF) for FY 2025.

Audit Reports on Financial Statements; Internal Control over Financial Reporting; and Compliance with Laws, Regulations, Contracts, and Grant Agreements

The *Chief Financial Officers Act of 1990* (CFO Act, Pub. L. No. 101-576), as amended, requires that NSF's Inspector General or an independent external auditor, as determined by the Inspector General, audit NSF's financial statements in accordance with *Government Auditing Standards* (GAS) issued by the Comptroller General of the United States. We contracted with the independent certified public accounting firm Kearney & Company, P.C. (Kearney) to audit NSF's financial statements as of September 30, 2025. The contract requires that the audit be performed in accordance with GAS; Office of Management and Budget Bulletin 24-02, *Audit Requirements for Federal Financial Statements*; and the U.S. Government Accountability Office/Council of the Inspectors General on Integrity and Efficiency *Financial Audit Manual*. For FY 2025, Kearney provided: (1) its opinion on the financial statements, (2) a report on internal control over financial reporting, and (3) a report on compliance with laws, regulations, contracts, and grant agreements. In its audit of NSF, Kearney:

- Found that the financial statements referred to above present fairly, in all material respects, the financial position of NSF as of September 30, 2025, and its net cost of operations, changes in net position, and budgetary resources for the year then ended, in accordance with accounting principles generally accepted in the United States of America.
- Identified no material weaknesses in internal control over financial reporting.¹
- Identified no instances in which NSF's financial management systems did not substantially comply with the *Federal Financial Management Improvement Act of 1996* (FFMIA, Pub. L. No. 104-208).
- Identified no reportable instances of noncompliance with provisions of laws, regulations, contracts, and grant agreements tested or other matters.

NSF's response to the draft reports, dated December 17, 2025, follows Kearney's reports.

Kearney is responsible for the attached auditor's reports dated December 17, 2025, and the conclusions expressed therein. We do not express opinions on NSF's financial statements or internal control over financial reporting or on whether NSF's financial management systems substantially complied with the requirements of FFMIA, or conclusions on compliance and other matters.

Kearney's Independent Auditor's Report is meant only to be distributed and read as part of the Agency Financial Report (AFR).

We thank your staff for the assistance that was extended to the auditors during this audit. If you have any questions regarding this report, please contact Theresa S. Hull, Assistant Inspector General, Office of Audits, Inspections, and Evaluations at 703-292-7100 or OIGpublicaffairs@nsf.gov.

¹ A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.
