**DATE ISSUED: JANUARY 13, 2026
REPORT NUMBER: 24-26-001-50-598**

INSPECTOR GENERAL'S REPORT

Jose Mota
Director of Finance
Chicago Cook Workforce Partnership
69 West Washington Street, Suite 2860
Chicago, IL 60602

Dear Mr. Mota:

The purpose of this report is to formally advise you of the results of a Quality Control Review (QCR) the U.S. Department of Labor (DOL) Office of Inspector General (OIG) conducted on the single audit of the Chicago Cook Workforce Partnership, completed by Evolve Financial I ("the Firm") under the Office of Management and Budget's (OMB) Title 2 C.F.R. Part 200 (Uniform Guidance)¹ for the year ended June 30, 2024.

Our objective was to determine if the audit was conducted in accordance with applicable standards, including generally accepted government auditing standards (GAGAS) and generally accepted auditing standards (GAAS), and met the requirements of OMB Uniform Guidance.

We determined the single audit report and audit work performed generally met the requirements of GAGAS, GAAS, and OMB Uniform Guidance. However, we found the Firm needed to strengthen its quality management policies and procedures to prevent self-review of audit documentation.

Details on the results of our review are provided in the Enclosure. Since the Firm agreed with the matter noted and took the corrective actions necessary to properly address it, no official management response is required of the Firm. In providing this memorandum to the Firm, the OIG considers this matter closed.

¹ Title 2 C.F.R. § 200.0 through § 200.521

We appreciate the cooperation and courtesies the Firm extended to us during this review.

Sincerely,

Laura B. Nicolosi
Assistant Inspector General
for Audit

**Quality Control Review
Single Audit of the Chicago Cook Workforce Partnership
for the Year Ended June 30, 2024
(24-26-001-50-598)**

DOL OIG conducted a QCR of the single audit of the Chicago Cook Workforce Partnership for the year ended June 30, 2024. A QCR is performed to provide evidence of the reliability of the single audit to the auditors of federal agency financial statements, such as those required by the Chief Financial Officers Act of 1990. The single audit conducted by the Firm covered the Workforce Innovation and Opportunity Act (WIOA) cluster and WIOA National Dislocated Worker / Workforce Investment Act (WIA) National Emergency Grants major programs (see Table).²

Table: Scope of the OIG's QCR

DOL Major Program Sections Reviewed	Assistance Listing Numbers	DOL Major Funds Reported as Expended
	17.258	
WIOA Cluster	17.259	\$57,380,159
	17.278	
WIOA National Dislocated Worker / WIA National Emergency Grants	17.277	\$4,085,280
Total DOL Major Program Funds Reported as Expended		\$61,465,439

Source: Chicago Cook Workforce Partnership's June 30, 2024, Schedule of Expenditures of Federal Awards

For the year ended June 30, 2024, the Chicago Cook Workforce Partnership reported federal expenditures of \$77,431,028, consisting of DOL funds totaling \$61,633,439 and non-DOL funds totaling \$15,797,589. The scope of the OIG's QCR was the WIOA Cluster and WIOA National Dislocated Worker / WIA National Emergency Grants, equaling \$61,465,439 of the \$61,633,439 in total DOL funds.³

² Major programs are critical to the single audit process as they are the programs for which the Firm will be performing additional internal control work on and ultimately issuing a compliance opinion on as part of the single audit.

³ The remaining \$168,000 in DOL funds were used for non-major DOL programs, which were not tested by the Firm as part of the single audit.

The single audit is an organization-wide audit or examination of a non-federal entity that expends \$750,000 or more of federal assistance received for its operations.

Usually conducted annually, a single audit has three main objectives:

1. Perform an audit of the entity's financial statements and report on a separate Schedule of Expenditures of Federal Awards in relation to the entity's financial statements;
2. Conduct a compliance audit of federal awards expended during the year as a basis for issuing additional reports on compliance related to major programs and on internal control over compliance; and
3. Follow up on prior audit findings by performing procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee.

RESULTS

We determined the single audit report and audit work performed generally met the requirements of GAGAS, GAAS, and OMB Uniform Guidance. However, we found the Firm needed to strengthen its quality management policies and procedures to prevent self-review of audit documentation.

THE FIRM NEEDS TO STRENGTHEN ITS QUALITY MANAGEMENT POLICIES AND PROCEDURES TO PREVENT SELF-REVIEW OF AUDIT DOCUMENTATION

We found audit documentation was prepared and reviewed by the same individual at the Firm and, in other instances, was not always reviewed when prepared by that same individual.

According to Uniform Guidance 2 C.F.R. § 200.514(a), the audit must be conducted in accordance with GAGAS. GAGAS 5.36 states the audit organization should establish policies and procedures that require engagement team members with appropriate levels of skill and proficiency in auditing to supervise engagements and review work performed by other engagement team members.

American Institute of Certified Public Accountants (AICPA) Quality Management (QM) Section 10A Paragraph .35 states the Firm should establish policies and procedures designed to provide it with reasonable assurance that engagements are performed in accordance with professional standards and applicable legal and regulatory requirements and that the Firm issues reports that are appropriate in the circumstances. Such policies and procedures should include the following:

- a. matters relevant to promoting consistency in the quality of engagement performance,
- b. supervision responsibilities, and
- c. review responsibilities.

The Firm lacked quality management policies and procedures prohibiting self-review. Although we noted no instances of noncompliance with the audit documentation, self-review presents a risk of errors in the audit documentation going undetected.

The Firm agreed with the matter noted and took the corrective actions necessary to properly address it. The Firm provided us with quality management policies and procedures that address supervision and review responsibilities mitigating the threat of self-review. Since the Firm has already taken corrective action, we consider this matter closed.
