SUBJECT: Financial Audit of USAID Resources Managed by Baylor College of Medicine Children's Foundation Uganda Under Cooperative Agreement 72061722CA00002, July 1, 2024, to June 30, 2025 (Report No. 4-617-26-012-R)

This memorandum transmits the final audit report on USAID resources managed by Baylor College of Medicine Children's Foundation Uganda (BCMUG) under cooperative agreement 72061722CA00002, Local Partner Health Services - Eastern Activity (LPHS-E). BCMUG contracted with the independent audit firm KPMG, Kampala, Uganda to conduct the audit. The audit firm stated that it performed its audit in accordance with the U.S. Government Auditing Standards issued by the Comptroller General of the United States (GAGAS) and International Standards on Auditing (ISA). However, it did not have an external peer review program or a continuing professional that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on BCMUG's schedule of expenditures on USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate BCMUG's internal controls; (3) determine whether BCMUG complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, KPMG (1) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by BCMUG as incurred

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

from July 1, 2024, to June 30, 2025; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to BCMU's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined the review of the indirect cost rate was not applicable; and (5) reviewed of the implementation status of the prior period recommendations. BCMU reported expenditures of \$6,159,732 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the awards for the period audited. The audit firm identified no questioned costs; no material weaknesses in internal control; and one instance of material noncompliance.

To address the issue identified in the report, we recommend that USAID:

Recommendation 1. Verify that Baylor College of Medicine Children's Foundation Uganda corrects the one instance of material noncompliance detailed on page 31 of the audit report.

We ask that you provide your written notification of actions planned or taken to reach management decision.
