### **EXECUTIVE SUMMARY**

The Appalachian Regional Commission (ARC) Office of Inspector General (OIG) has contracted with Allmond & Company, LLC (Allmond & Company) to perform a performance audit of grant number PA-21883 awarded to Wyoming County Healthcare Center (WCHC). The scope of our audit is ARC Grant No. PA-21883 funds used during the period of September 1, 2024 through September 30, 2025.

The objectives of the grant performance audit will be to determine if WCHC (1) Grant funds were managed in accordance with the ARC and Federal grant requirements; (2) Grant funds were expended, as provided for in the approved grant budget; (3) Internal guidelines, including program (internal) controls, were adequate and operating effectively; (4) Accounting and reporting requirements were implemented in accordance with accounting principles generally accepted in the United States of America (or other applicable accounting and reporting requirements); (5) Matching requirements were met; (6) The reported performance measures were fair and reasonable; (7) The single audit contained any findings or recommendations related to the management of federal assistant awards.

We conducted the performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, collectively referred to as generally accepted government auditing standards (GAGAS). Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions in accordance with our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on the audit objectives.

Based on the audit procedures performed, we concluded that WCHC managed and expended grant funds in accordance with ARC and federal requirements, maintained adequate internal controls, met matching requirements, properly accounted for and controlled property, and reported performance measures fairly and accurately during the audit period.

## **BACKGROUND**

The Appalachian Regional Commission (ARC) was established by the Appalachian Regional Development Act (ARDA) of 1965 to oversee economic development in the Region. It is the purpose of this subtitle to assist the region in meeting its special problems, to promote its economic development, and to establish a framework for joint federal and state efforts toward providing the basic facilities essential to its growth and attacking its common problems and meeting its common needs on a coordinated and concerted regional basis. The ARC is an economic development partnership entity of the federal government with thirteen (13) state governments focusing on four hundred and twenty-three (423) counties across the Appalachian Region. Its mission is to innovate, partner, and invest to build community capacity and strengthen economic growth in Appalachia. The thirteen states are Alabama, Georgia, Kentucky, Maryland, Mississippi, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, and West Virginia.

ARC is a regional economic development agency, representing a unique partnership of Federal, state, and local governments. ARC-funded programs are used to support education and job training, healthcare, water and sewer systems, housing, highway construction, and other essentials of comprehensive economic development. ARC's staff is responsible for program development; policy analysis and review; grant development; technical assistance to states; and management and oversight. ARC grants are made to a wide range of entities, including; local development districts, state ARC Offices, state and local governments, educational establishments, nonprofit organizations, and for a variety of economic development projects.

### **The Grantee – Wyoming County Healthcare Center**

Wyoming County Healthcare Center's mission is to cultivate strategic partnerships to enhance healthcare access and improve community well-being. Beyond healthcare delivery, they empower residents through outreach programs, education, and workforce development that support healthier lives and regional prosperity. WCHC addresses key barriers to healthcare access, workforce development, and digital connectivity in rural Pennsylvania.

ARC awarded Wyoming County Healthcare Center grant number PA-21883 in the amount of \$213,177 for the period of September 1, 2024 to December 31, 2025 which required an additional \$213,177 in matching funding. The grant funds were used to purchase medical equipment to benefit healthcare partners, their patients, residents, and organizations who utilize the center for healthcare access, broadband, and education. The purchase of the medical equipment and supplies will benefit healthcare partners, their patients, residents, and organizations who utilize the center for healthcare access, broadband, and education. In addition, 6 jobs were to be created, 9 organizations, 90 students, 40 workers/trainees, and 2,400 patients were to have been improved by increased healthcare access and training in Appalachian Pennsylvania.

### **OBJECTIVES, SCOPE, AND METHODOLOGY**

The objectives of the grant performance audit were to determine if WCHC:

1. Grant funds were managed in accordance with the ARC and Federal grant requirements.
2. Grant funds were expended, as provided for in the approved grant budget.
3. Internal guidelines, including program (internal) controls, were adequate and operating effectively.
4. Accounting and reporting requirements were implemented in accordance with accounting principles generally accepted in the United States of America (or other applicable accounting and reporting requirements).

5. Matching requirements were met.
6. The reported performance measures were fair and reasonable.
7. The single audit contained any findings or recommendations related to the management of federal assistant awards

The scope of our audit is ARC Grant No. PA-21883 funds used during the period of September 1, 2024 through September 30, 2025. WCHC expended the following grant funds during the scope of our audit:

| Description             | Amount              |
|-------------------------|---------------------|
| Federal Grant Amount    | \$196,085.57        |
| Required Matching Funds | \$196,085.57        |
| <b>Total</b>            | <b>\$392,171.14</b> |

We noted that as of September 30, 2025, ARC had issued 90% of the grant funds (\$191,858.00) to WCHC. WCHC plans to request the remaining grant award balance of \$21,319.00 at the end of the grant period of performance, December 31, 2025.

The following chart summarizes WCHC's approved budgeted amounts by budget category:

| Budget Category | ARC Expenditures    | Matching Expenditures | Total Expenditures  |
|-----------------|---------------------|-----------------------|---------------------|
| Equipment       | \$182,415.00        | \$182,415.00          | \$364,830.00        |
| Supplies        | \$30,762.00         | \$30,762.00           | \$61,524.00         |
| <b>Total</b>    | <b>\$213,177.00</b> | <b>\$213,177.00</b>   | <b>\$426,354.00</b> |

We conducted our audit in accordance with GAGAS applicable to performance audits. Those standards required that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions in accordance with our audit objectives. To accomplish our objectives, we:

- Obtained an understanding of any regulatory criteria related to the WCHC's responsibilities to administer grant funding awarded under ARC.
- Identified internal controls significant to our audit objectives for sample testing. Specifically, test internal controls in place in the areas of financial management, procurement, property, time and attendance, expense approval, and grant execution and reporting.
- Selected a representative sample of grant expenditures. These grant expenditures were tested for accuracy and program compliance by reviewing grant file documents, grant agreements, timesheets, financial management system documentation, invoices, financial status reports, and request for advance/reimbursement for grant payment forms.

- Reconciled and reviewed the financial reports for the ARC grants to WCHC's accounting records as of September 30, 2025.
- Verified that WCHC's matching expenses for the grant complied with the award requirements.
- Reviewed support for direct costs, including expenditures such as equipment, travel, and supplies, to determine whether the goods or services were allowable.
- Assessing whether WCHC reported performance measures were fair and reasonable.
- Reviewed WCHC Grant Agreements, Request for Advance or Reimbursement Forms (SF-270), financial records, policies on cost allocation and allowability, budgets, financial statements and Single Audit reports, performance reports, and grant and program applications to determine if WCHC is administering their grants in accordance with ARC and OMB requirements.

### **GRANTEE'S RESPONSE TO AUDIT RESULTS**

We conducted an exit conference on February 3, 2026 with representatives of WCHC, ARC OIG, and ARC representatives where we discussed the results of our audit. WCHC concurred with our results.

### **AUDIT RESULTS**

Based on the procedures performed, we found that WCHC managed and expended grant funds in accordance with ARC and federal requirements, maintained adequate internal controls, met matching requirements, properly accounted for and controlled property, reported performance measures fairly and accurately, and did not require a single audit during the audit period. For each of these objectives, we did not identify any deficiencies in internal control, instances of noncompliance, or other matters that are required to be reported under GAGAS.

Below, we have presented a Schedule of Claimed and Audit Recommended Cost as of September 30, 2025, which reflects the results of our audit.

| Schedule of Claimed and Audit Recommended Costs |                     |                     |                        |                 |                                |                     |                           |
