SUBJECT: Audit of the Central Nonprofit Agencies' Use of AbilityOne Program Fees

The Office of Inspector General (OIG) is initiating an audit of the Central Nonprofit Agencies' Use of AbilityOne Program Fees. Our overall objective is to determine whether the CNAs' use of AbilityOne Program Fees is consistent with the U.S. AbilityOne Commission's requirements. Specifically, the audit will assess whether program fee expenditures are properly supported and advance the objectives of the AbilityOne Program. To answer our objective, we will 1) identify and review applicable laws, regulations, policies, and procedures, 2) interview key personnel, and 3) analyze program fee expenditures and support documentation. The review period will cover January 1, 2025, through June 30, 2026.

This review will be performed in accordance with Generally Accepted Government Auditing Standards, established by the U.S. Government Accountability Office.

The OIG will reach out to schedule the entrance conference following this notification. If you have any questions, please contact me or Laurreta Joseph, Assistant Inspector General for Audit and Evaluation, at [ljoseph@oig.abilityone.gov](mailto:ljoseph@oig.abilityone.gov).
