

## MEMORANDUM

**DATE:** June 8, 2018

**TO:** USAID/Management/Office of Acquisition and Assistance/Cost, Audit and Support Division, Branch Chief, David A. McNeil

**FROM:** Director of External Financial Audits, Abdoulaye Gueye /s/

**SUBJECT:** Performance Audit Over the Adequacy and Cost Accounting Standards Compliance of the Disclosure Statements, Revision 4 for Berger Group Holdings, Inc., (3-000-18-039-1)

This memorandum transmits the final audit report over the adequacy and cost accounting standards compliance of the disclosure statement, revision 4 for Berger Group Holdings, Inc. (BGHI). The U.S. Agency for International Development (USAID) Office of Acquisition and Assistance, Cost, Audit, and Support Division contracted with Kearney & Company to conduct the audit. The contract required Kearney & Company to perform the audit in accordance with generally accepted government auditing standards.

Kearney & Company states that it performed its audit in accordance with generally accepted government auditing standards. Kearney & Company is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion over the adequacy and cost accounting standards compliance of the disclosure statement, revision 4 for BGHI.<sup>1</sup>

The objectives of the audit were to conclude on whether BGHI's Disclosure Statement, Revision 4, is adequate and compliant with Cost Accounting Standards (CAS), specifically whether the Disclosure Statement:

- Is current, accurate, complete, and adequately describe the contractor's cost accounting practices, as noted in Federal Acquisition Regulation (FAR) Part 30.202-7a, *Adequacy Determination*, and
- Disclose cost accounting practices that materially comply with CAS, including the design, implementation, and maintenance of internal controls to prevent or detect and correct noncompliance due to fraud or error in accordance with FAR Part 52.230-1, *Cost Accounting Standards Notices and Certification*.

<sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

To answer the objective, Kearney & Company designed its audit in three phases:

- **Planning** – Reviewed the Disclosure Statement for potential areas of outdated, inaccurate, and/or incomplete disclosed practices in order to determine if the Disclosure Statement were acceptable for audit; performed other planning procedures to assess audit risk and determine the nature and extent of fieldwork.
- **Internal Controls and Testing** – Determined the design effectiveness of the internal controls over the maintenance of the Disclosure Statement, conducted walkthroughs over the contractor’s cost accounting practices to determine the adequacy of the Disclosure Statement, and determined if the disclosed cost accounting practices are compliant with CAS.
- **Wrap-Up and Reporting** – Concluded on the adequacy and CAS compliance of the Disclosure Statement as a result of audit procedures performed and within the context of the audit objectives.

Kearney & Company concluded that BGHI’s Disclosure Statement, Revision 4, was current, accurate, complete, and adequately described the contractor’s cost accounting practices, as well as discloses cost accounting practices that materially comply with CAS, including the design, implementation, and maintenance of internal controls to prevent or detect and correct noncompliance due to fraud or error. Kearney & Company did not identify any findings required to be reported under generally accepted government auditing standards.
