

## MEMORANDUM

**DATE:** July 18, 2019

**TO:** USAID/Management/Office of Acquisition and Assistance/Cost, Audit and Support Division, Branch Chief, David A. McNeil

**FROM:** Acting Director of External Financial Audits Division, Steven Shea /s/

**SUBJECT:** Performance Audit of the Pragma Corporation's Accounting System Administration (3-000-19-034-1)

This memorandum transmits the final audit report on the adequacy of the accounting system administration for the Pragma Corporation (Pragma). The U.S. Agency for International Development's (USAID) Office of Acquisition and Assistance, Cost, Audit and Support Division contracted with the independent certified public accounting firm Kearney & Company, P.C. to conduct the audit. The audit firm stated that the contract required the auditor to perform the audit in accordance with generally accepted government auditing standards.

The audit firm states that it performed its audit in accordance with generally accepted government auditing standards. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on the adequacy of Pragma's accounting system.<sup>1</sup>

The audit objectives were to conclude on whether Pragma has established an adequate accounting system and determine whether Pragma's accounting system (1) adequately accumulates, segregates, and identifies costs under U.S. Government awards; and (2) allows for the proper differentiation between direct costs, indirect costs, and unallowable costs in compliance with applicable Government regulations. To answer the audit objectives, the audit firm conducted a performance audit on Pragma's accounting system from June 2018 to December 2018. The audit firm designed its audit in the following three phases: Planning – Assessed the design of Pragma's policies and key internal controls relating to the accounting system criteria; Internal Controls and Testing – Tested the implementation of Pragma's policies

and key internal controls; and Wrap-Up and Reporting – Concluded on the adequacy of the accounting system as a result of audit procedures performed and within the context of the audit objectives.

The audit firm concluded that Pragma’s accounting system adequately accumulates, segregates, and identifies costs under U.S. Government awards, as well as allows for the proper differentiation between direct costs, indirect costs, and unallowable costs in compliance with applicable Government regulations and benchmarks. Although we are not making a recommendation for the significant deficiencies noted in the report, we suggest that USAID’s Office of Acquisition and Assistance, Cost, Audit and Support Division determine if the recipient addressed the issues noted.

We appreciate the assistance extended during the engagement.
