SUBJECT: Financial Audit of USAID Resources Managed by Association for Water and Rural Development in Multiple Countries Under Cooperative Agreement AID-674-A-13-00008, January 1 to December 31, 2018 (Report No. 4-674-20-010-R)

This memorandum transmits the final audit report on USAID resources managed by Association for Water and Rural Development (AWARD) for the Resilience in the Limpopo Basin ("RESILIM") Project between South Africa and Mozambique. AWARD contracted with the independent certified public accounting firm PricewaterhouseCoopers (PwC), Stellenbosch, South Africa, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS), except that the audit firm did not have continuing professional education and external quality control review programs that fully satisfied the requirements set forth in GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on AWARD's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate the AWARD's internal controls; and (3) determine whether AWARD complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, PwC (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received

¹ We reviewed the audit firm's report for conformity with professional reporting standards. from USAID for the period covered by the audit and the costs reported by AWARD as incurred from January 1 to December 31, 2018; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to AWARD's ability to report financial data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. AWARD reported expenditures of \$1,684,281 in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm did not identify any questioned costs; no material weaknesses in internal control and no instances of material noncompliance. The audit firm issued a management letter.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to controller, dated October 30, 2019.

Accordingly we are not making any recommendations.

We appreciate the assistance extended during the engagement.
