

# **Summary: No Evidence Former BLM Surveyor Violated Post-Employment Ethics Rules**

**Report Date: December 29, 2020**

**Report Number: 19-0483**

The OIG investigated an allegation that a former Bureau of Land Management (BLM) surveyor violated ethics rules by representing his current employer in matters on which he personally and substantially worked while at the BLM.

We did not find evidence that the former employee violated post-Government employment ethics laws or engaged in any conduct that could be construed as representing his current employer in matters related to the survey at issue.

This is a summary of an investigative report we issued to the BLM's Deputy Director.
