

OFFICE OF INSPECTOR GENERAL UNITED STATES POSTAL SERVICE

Management Alert-

August 26, 2019

Report Number IT-MT-19-002

As a part of our IT Audit program, the OIG reviewed a Postal Service IT system to assess the security posture. This audit involved a technical review to identify potential issues and provide recommendations. The technical details of our work are shared directly with Postal Service management.

Due to the sensitive nature of this information, we did not post details of our work.
