

Summary: Alleged False Claim for Equitable Adjustment Unfounded

Report Date: March 7, 2018

Report Number: 16-0566

The OIG investigated allegations that a U.S. Bureau of Reclamation (USBR) contractor submitted a fraudulent claim for an equitable adjustment to a crane repair contract. The contractor allegedly altered cost submission documents submitted by the sub-contractor.

We determined that the claim for equitable adjustment did not contain fraudulent information as alleged, and we confirmed that the sub-contractors cost submission documents submitted by the contractor were authentic.

This is a summary of an investigative report that we provided to the USBR Commissioner.
