MEMORANDUM

SUBJECT: Performance Audit of Incurred Costs Claimed by LINC LLC for the Fiscal Year December 31, 2020. (3-000-24-027-I)

This memorandum transmits the final audit report on incurred costs claimed by LINC LLC (LINC) for the Fiscal Year (FY) Ended December 31, 2020. USAID contracted with the independent audit firm of Brown & Company CPAs and Management Consultants, PLLC (Brown) to conduct the audit. Brown stated that it performed its audit in accordance with government auditing standards issued by the Comptroller General of United States. Brown is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on whether costs claimed by LINC, in its FY 2020 incurred cost submission, are accurate, allowable, allocable, and reasonable in accordance with contract terms and applicable Government acquisition regulations.¹

The audit objective was to determine whether the costs claimed by LINC's in-scope contracts and subcontracts for FY 2020 are allowable, allocable, and reasonable in accordance with contract terms; Part 31 of the Federal Acquisition Regulation (FAR); Agency for International Development Acquisition Regulation (AIDAR); Department of State Standardized Regulation (DSSR); and 2 Code of Federal Regulations (CFR) 200. To answer the audit's objective, Brown (1) performed a reconciliation between the adjusted total costs booked to date and the cumulative amount billed, by contract, for FY 2020 and reporting any over/under-billings; (2) determined the appropriateness of contract limitations as reported by the contractor; (3) performed internal control testing as needed to meet the audit objective; and (4) performed a risk and materiality assessment of LINC using procedures from newly enacted guidance developed by a Department of Defense Procurement Panel. Brown examined USAID Auditable Dollar Value of \$1,137,931 during the FY 2020 audit.

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

Brown concluded that LINC's costs claimed for in-scope contracts and subcontracts for FY 2020 are allowable, allocable, and reasonable in accordance with contract terms, Part 31 of the FAR, AIDAR, DSSR, and 2 CFR 200. Brown did not identify any direct or indirect questioned costs. Finally, Brown did not note any instances of material non-compliance with laws, regulations, or contract terms required to be reported under Government Auditing Standards for FY 2020.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.²
