SUBJECT: Financial Audit of ACTED Under Multiple USAID Agreements for the Fiscal Year Ended December 31, 2022 (3-000-24-034-R)

This memorandum transmits the final audit report on the recipient contracted audit of ACTED for fiscal year ended December 31, 2022. ACTED contracted with Gelman, Rosenberg & Freedman (GRF) to conduct the audit. GRF stated that it performed the audit in accordance with generally accepted government auditing standards (GAGAS) and the U.S. Agency for International Development (USAID) Financial Audit Guide for Foreign Organizations. GRF is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on ACTED's fund accountability statement, the effectiveness of its internal control, or its compliance with the awards, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards present fairly in all material respects, the revenues received, costs incurred, and commodities and technical assistance directly procured by the US Government and pass-through agencies; (2) evaluate ACTED's internal controls; (3) determine whether ACTED complied with award terms and applicable laws and regulations; (4) determine if the recipient has taken adequate corrective action on prior audit report recommendations; (5) perform an audit of the indirect cost rate if the recipient has been authorized to charge indirect costs to U.S. Government awards using provisional rates; and (6) express an opinion on whether the general purpose financial statements present fairly, in all material respects, the results of its operations for the year then ended, in conformity with GAGAS. To answer the audit objectives, GRF procedures included, but were not limited to the following, GRF: (a) reviewed general and program ledgers to determine whether costs incurred were properly recorded, and reconciled direct costs billed to, and reimbursed by USAID and pass-through entities to the

program and general ledgers; (b) reviewed and evaluated the recipient's internal controls related to USAID programs to obtain a sufficient understanding of the design of relevant control policies and procedures and whether those policies and procedures have been placed in operation; (c) identified the agreement terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statements, and assessed the inherent and control risk that material noncompliance could occur for each of the compliance requirements; (d) determined whether the recipient has used provisional rates to charge indirect costs to USAID; and (e) examined the recipient's audited general purpose financial statements to determine whether an opinion is expressed as to whether those statements are presented fairly in all material respects in accordance with GAGAS. GRF examined total USAID expenditures of \$187,519,958 in fiscal year 2022.

GRF concluded that the fund accountability statement presents fairly, in all material respects, program revenues, costs incurred and reimbursed, and commodities and technical assistance directly procured by USAID for the year ended December 31, 2022. GRF did not identify any deficiencies in internal control that were considered material weaknesses. GRF did not identify any deficiencies in internal control over compliance that were considered material weaknesses. Nothing came to GRF's attention that caused GRF to believe that ACTED did not fairly present the cost-sharing schedule, in all material respects, in accordance with the basis of accounting used to prepare the cost-sharing schedule. The general-purpose financial statements of ACTED for the year ended December 31, 2022, were audited by another auditor, and expressed an unmodified opinion. GRF concluded that the indirect rate calculation is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. GRF reported no audit findings or recommendations of USAID awards identified in the prior year's audit report.
