

OFFICE OF INSPECTOR GENERAL U.S. Agency for International Development

MEMORANDUM

DATE: March 10, 2022

TO: USAID/Nigeria, Mission Director, Anne Patterson

FROM: USAID OIG Africa Regional Office, Audit Director, Robert Mason /s/

SUBJECT: Financial Audit of USAID Resources Managed by Institute of Human Virology Nigeria Under Cooperative Agreement 72062020CA00008, March 18, 2020, to June 30, 2021 (Report No. 4-620-22-045-R)

This memorandum transmits the final audit report on USAID resources managed by Institute of Human Virology Nigeria (IHVN), under the Tuberculosis Local Organizations Network Nigeria (TBLON3) Project. IHVN contracted with the independent certified public accounting firm Ijewere & Co. Chartered Accountants, Lagos, Nigeria, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS). However, it did not have an external peer review that fully satisfied the requirements of GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on IHVN's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate IHVN's internal controls; (3) determine whether IHVN complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, Ijewere & Co. Chartered Accountants (1) audited the schedule of expenditures of USAID awards for the award including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by IHVN as incurred from March 18, 2020, to June 30, 2021; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to IHVN's ability to report financial data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. IHVN reported expenditures of \$4,829,856 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified no questioned costs; no material weaknesses in internal control; and no instances of material noncompliance. In addition, although we are not making a recommendation for the significant deficiency and immaterial findings noted in the report, we suggest that USAID/Nigeria determine if the recipient addressed the issues noted.

Accordingly, we are not making any recommendations.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to the controller, dated March 10, 2022.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential").
