

OFFICE OF INSPECTOR GENERAL

U.S. Agency for International Development

MEMORANDUM

DATE: January 19, 2024

TO: USAID/Democratic Republic of the Congo, Mission Director, John Dunlop

FROM: USAID OIG Africa Regional Office, Audit Director, Robert Mason /s/

SUBJECT: Financial Audit of USAID Resources Managed by Adam Smith International Ltd. in the Democratic Republic of Congo Under Cooperative Agreement 72060521CA00002, January 12 to September 30, 2022 (Report No. 4-660-24-060-R)

This memorandum transmits the final audit report on USAID resources managed by Adam Smith International Ltd. (ASI) under the Garamba Alliance Activity. ASI contracted with the independent audit firm COFIMA, Cotonou, Benin to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on ASI's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate ASI's internal controls; (3) determine whether ASI complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, COFIMA (1) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by ASI as incurred from January 12 to September 30, 2022; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to ASI's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. ASI reported expenditures of \$904,936 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited except for \$19,258 in total questioned costs (\$14,677 ineligible and \$4,581 unsupported). The audit firm identified no material weaknesses in internal control; and four instances of material noncompliance. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation for the questioned costs and related noncompliance instance. Nevertheless, we suggest that USAID/Democratic Republic of the Congo determine the allowability of the \$19,258 in questioned costs and recover any amount determined to be unallowable. In addition, although we are not making a recommendation for significant deficiencies noted in the report, we suggest that USAID/Democratic Republic of the Congo determine if the recipient addressed the issues noted. The remaining noncompliance instance relating to not placing funds in an interest-bearing bank account is not applicable since the recipient is on a reimbursement basis.

Accordingly, we are not making any recommendations.

During our desk review, we noted several areas for improvement which the audit firm should address in future audit reports. We presented these areas in a memo to the controller, dated January 19, 2024.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.²
