

OFFICE OF INSPECTOR GENERAL

U.S. Agency for International Development

MEMORANDUM

DATE: January 23, 2024

TO: USAID/Colombia, Mission Director, Anupama Rajaraman

FROM: Latin America and Caribbean (LAC) Regional Office, through Global and Strategic Audits Division (GSAD) Assistant Director, Pamela Hamilton /s/

SUBJECT: Financial Audit of the Cocoa Effect Project in Colombia Managed by Fundación Luker, Cooperative Agreement 72051419CA00005, January 1 to December 31, 2022 (9-514-24-004-R)

This memorandum transmits the final audit report on the Cocoa Effect Project in Colombia. Fundación Luker contracted with the independent audit firm Amézquita & Cia. S.A.S. to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards. However, it did not have an external peer review that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on Fundación Luker's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate Fundación Luker's internal controls; and (3) determine whether Fundación Luker complied with award terms and applicable laws and regulations. To answer the audit objectives, the audit firm reported that they assessed and tested the internal controls related to the project; assessed and tested compliance with applicable laws, regulations, the agreement's provisions; and reviewed project expenditures. The audit covered \$1,164,980 of USAID expenditures for the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. However, the schedule of expenditures of USAID awards included ineligible questioned costs totaling \$1,284. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless,

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

we suggest that USAID/Colombia determine the allowability of the \$1,284 in questioned costs and recover any amount determined to be unallowable.

The audit firm did not identify any material weaknesses in internal control or instances of material noncompliance with applicable laws, regulations, and agreement terms. The audit firm issued a management letter which included minor internal control deficiencies and immaterial instances of noncompliance.

Based on the results of the desk review, OIG is not making any recommendation to USAID/Colombia.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.²
