This memorandum transmits the final audit report on the Conservation and Governance Program in the Amazon Piedmont. Patrimonio Natural - Fondo Para la Biodiversidad y Áreas Protegidas contracted with the independent certified public accounting firm BDO Audit S.A. to conduct the audit. contributions were made and accounted for by Patrimonio Natural in accordance with the terms of the agreement. To answer the audit objectives, the audit firm reported that they assessed and tested the internal controls related to the project; assessed and tested compliance with applicable laws, regulations, the agreement's provisions; and reviewed project expenditures. The audit covered \$1,789,003 of USAID expenditures for the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period.

The audit firm did not identify any material weaknesses in internal control or instances of material noncompliance with applicable laws, regulations, and agreement terms.

The audit firm stated that based on their review, nothing came to their attention that caused them to believe that Patrimonio Natural did not fairly present the cost sharing contributions schedule, in all material respects, in accordance with the basis of accounting used to prepare the cost sharing contributions schedule.

Based on the results of the desk review, OIG is not making any recommendations to USAID/Colombia.
